Publishing Consent Form

Margaret River Independent School recognises the need to ensure the welfare and safety of all young people taking part in any activity associated with our school.

At MRIS we take the safety and privacy of children seriously and we will not permit photographs, video or other images of young people to be published without the consent of the parents/carers and children.

At MRIS we regularly have programs, activities and events which we like to record in the form of photographs and videos. **These photographs and videos are often used in our newsletter, form part of competitions, may be used for school grant applications, or be used to promote the school in leaflets or brochures, our school websites and/or social media platforms.**

MRIS will take all steps to ensure these images are used solely for the purposes they are intended. If you become aware that these images are being used inappropriately you should inform the school immediately.
